

Tactus™ .Stage

Digital Mixing System

CREST
AUDIO®

Description

Built in partnership with Waves®, the Tactus Digital Mixing System puts high quality audio, custom configuration and pro features at the operator's fingertips. Built on the combination of the Waves eMotion™ LV1 mixer, SoundGrid® server technology and Crest Audio Tactus IO interfaces, the Tactus Digital Mixing System represents the next evolution in mixing innovation.

Features

- 32 microphone/line inputs
- XLR mic and TRS 1/4" line inputs
- 16 line inputs
- Mic input accepts a +27 dBu input signal without a pad
- 66 dB adjustment range in 1 dB steps to maximize dynamic range
- Gain changes on zero crossing to minimize adjustment noise
- High performance digitally controlled microphone preamps feature: Low input noise at both high and low gain settings, high slew-rate and very low THD
- 48 Volt phantom power switchable on every mic input
- Integral gigabit Ethernet switch for easy networking
- Waves® SoundGrid™ Digital audio network protocol
- Balanced output maximum level switchable between +24 dBu and 1 dBu
- Parallel/Bridge/Stereo mode switch
- Headphone output with level control
- MIDI in and switchable out or thru
- 3U rack mount package
- Universal input power supply.
